1.1 Service Overview

- Our STS Advisor will board the designated vessel at a mutually agreed location—typically off Dubai—prior to sailing to the load port off Fujairah S Anchorage.
- The Advisor will monitor the entire STS operation, including vessel approach, maneuvering, mooring, cargo transfer (loading/unloading), and unmooring activities.
- A comprehensive operational report will be compiled, covering:
  - Operational location and prevailing weather conditions
  - Communication protocols and pre-transfer toolbox meetings
  - Mooring and Fendering arrangements
  - Vetting of personnel transfers, ensuring compliance with safety standard.
  - Detailed inspection and photographic documentation of STS equipment (fenders, hoses, moorings, etc.)
  - Performance and safety during approach, mooring, cargo handling, and unmooring
  - Assessment of POAC/Mooring Master, tug performance, crew transfers.
  - Observations of any near misses, safety concerns, incidents, or emergency/oil spill response readiness
- The Advisor will remain onboard until disembarkation at a mutually agreed post-operation location.

1.2 Personnel Availability

- All services are subject to the availability of our STS Advisors.
- Once a tentative schedule is provided by the Company, we will confirm personnel allocation accordingly.
- In the event of changes to the estimated time of arrival (ETA), the Company is requested to notify us promptly. We cannot ensure availability if there is a deviation from the confirmed schedule, although we will make reasonable efforts to accommodate such changes.
- If our consultant is asked to remain on-site in anticipation of a subsequent operation, a daily standby rate plus applicable expenses will be charged to the Company.

1.3 Ongoing Commitments & Conflicts

Should we have other active commitments that may impact on the proposed service schedule, the Company will be informed prior to any contractual engagement.

1.4 Regional Permits & Notifications

For operations in Fujairah S Anchorage, any permits, approvals, or regulatory notifications required by local authorities must be arranged directly by the Company, in line with regional compliance requirements. All related expenses will be borne by the Company.

1.5 Cargo Documentation Disclaimer

Please note that Oceane does not provide cargo surveying services. Any cargo documentation duties must be handled by the Vessel's Master, nominated cargo surveyors, or assigned agents.

1.6 Confirmation Requirements for STS Operations

Once the operation schedule is finalized, please send the following details to operations@oceanemarine.com at your earliest convenience:

- A formal confirmation that Oceane Fenders DMCC is appointed to deliver POAC services, in accordance with the terms outlined in this Quotation.
- A declaration confirming that crew members onboard all participating vessels are free of COVID-19 symptoms and that any recently embarked personnel have completed mandatory quarantine. The Vessel Master is requested to provide evidence of this before STS clearance and mobilisation of our personnel.
- Notification of the Laycan window, to be shared at least 72 hours prior to the planned operation.
- Vessel names and Q88 forms for both discharging and receiving ships.
- Mooring plan and general arrangement for each vessel involved.
- For each vessel: Ownership details; Capability specifications; Flag state; STS-related equipment and condition summary

- P&I Club information
- Current location
- Information on cargo to be transferred: Type and estimated quantity; Temperature sensitivity (to verify STS hose compatibility); Details on any auxiliary cargo/products and quantities.
- Origin and shipper of the cargo.
- Destination as stated on the Bill of Lading (BOL).
- Estimated date of the STS transfer operation.
- Contact information for appointed agents and surveyors.
- List of any third parties intending to be present during the STS transfer.
- A clear description of the consultant support or services being requested.

1.7 Communication Protocol

Acceptable methods of communication between the parties include (but are not limited to):

- Telephone
- Email
- WhatsApp

Please note: Any key operational information communicated via WhatsApp should be followed up and confirmed via email to maintain formal documentation.

1.8 Compliance with Industry Standards

The appointed POAC's performance will be reviewed against relevant international standards and operational references, including but not limited to:

- MARPOL 73/78/97, Annex I, Chapter 8
- IMO Manual of Oil Pollution, Section 1, Chapter 6
- OCIMF/ICS Ship-to-Ship Transfer Guide for Petroleum, Chemicals, and Liquefied Gases (1st Ed. 2013)
- SIGTTO Guidelines

1.9 Definitions and Interpretation

Any terms or phrases defined in this Quotation shall, where applicable, carry the same meaning as defined in the associated Standard Terms, and vice versa.

2.0 POAC Service Charges

Item	Description	Cost
Designated STS Advisor	test	
Daily Rate	Per calendar day (from departure to return home, inclusive)	1243
Management Fee	Per Operation	45666
Flights & Travel Expenses	Charged at actual cost-plus administrative handling	12
Local Logistics (UAE)	Embarkation/disembarkation support, offshore access permissions, transport, support craft hire	test
Communication Charges	Satellite phone/internet use	12

2.1 Important Notes

- The daily rate applies from the day the Advisor departs home until their return—both days inclusive.
- If the service is cancelled after the Advisor has left home, the full day rate remains chargeable until their return. All other associated costs will also be invoiced at cost plus 10%.

2.2 Consultant Responsibilities

Our company will assign a qualified STS Advisor to perform the tasks outlined under the agreed Service Description.

The appointed representative holds certification aligned with POAC standards as defined under MARPOL Annex I, Chapter 8. However, please note that their role during the operation is limited to that of an Advisor. The Advisor will not undertake the full responsibilities or decision-making authority typically associated with a POAC or Superintendent role.

Upon request from the Client or participating Vessels, we are happy to provide a summary of the Advisor's qualifications and professional background. In line with data protection regulations—including the Data Protection Act 2018 and GDPR—we are unable to share personal Consultant information with third parties without prior consent.

2.3 General Terms

Contractual Terms
Our General Terms & Conditions, shared along with this Quotation, form a binding part of the agreement. Should the acceptance section below not be signed before services begin, the commencement of services will be considered as full acceptance of these terms.

Quotation Validity
This Quotation shall remain valid for 30 days from the date of issuance.

Payment Terms
Invoices are due within 07 days from the date of invoice.

2.4 Acceptance

This Quotation, together with our Standard Terms and Conditions, any mutually agreed clauses, and relevant legal provisions, shall constitute the full basis of the contractual agreement between the Parties. A copy of our standard terms has been enclosed; please contact us should you not have received it.

By signing and returning this document, or by instructing us to commence mobilization or related activities, the Company acknowledges and agrees to all terms set forth herein.

Should you require any further clarification or additional information, please do not hesitate to contact us. We look forward to your confirmation.
